Her Money Was Gone!

An old woman who lived alone had kept nearly $2,000 00 in currency around her house for years. She was afraid of banks.

Last fall she became seriously ill, and——

No, she didn't die. But when she went to look for the cash it was gone! Fortunately some honest friends had found it while she was unconscious and had deposited it to her credit in a bank.

This woman has now decided that after all the bank is the safest place, and, besides, her money is not idle any longer. It is now earning 4 per cent for its owner.

Let us put your money to work for you.

One-fourth of the wheat we grow is the result of the researches of the Government. After years of untiring experiment and investigation, the Government, through the Department of Agriculture, was enabled to introduce into this country the remarkable Durum wheat through which our production has been increased fully twenty-five per cent. This has been only one of many surprising but little-known accomplishments of the Government, which are covered in the interesting series of stories for which we have the exclusive right of distribution in this community.

We'll send this literature to you each month without obligation on your part if you will ask for it.

On last Saturday the baseball fans here witnessed the most interesting game of the season when the Appomattox boys clashed with the strong Southland team of Lynchburg, now holding second place in the city League of Lynchburg. The game was good from the go, and while Parcell did his best the Appomattox boys took advantage of his accuracy in the second, and made just enough runs to make the game close but good—the final score being 4 to 3 in favor of the home team. The features of the game were the three-base hit of Ferrell with three men on and the perfect bunt of Clement with one on third. Be sure to tell your friends about the girls game on the 25th of July. Games every Saturday and Wednesday. Come out and get the spirit of "Miff".

Miss Ould Fisherwoman.

Miss Ruth Ould, of Concord, Va. who is visiting Misses Marion Branning and Edna Peters, in Miama, Fla., has developed into a follower of Izaak Walton with no small success.

Last Friday's Miami Herald printed a two column picture of Miss Ould in which she was holding two fish, her own catch, which appears here in the mountains to be monsters.

The Herald had this to say about Miss Ould:

"Miss Ruth Ould, of Lynchburg, Va., has developed into a successful fisherwoman since coming to Miami and is seen here with two trophies of her skill. Miss Ould is visiting Miss Marion Branning and Miss Edna Peters, who were her class mates last winter at Randolph Macon College. She is familiarly known among her intimate friends as "Bobs."—Concord Correspondent, Lynchburg News.

The East Virginia Club

The East Virginia Club has been organized at Radford State Normal School with Miss Mamie Cullop, of Spout Spring, president. This club includes all counties east of Bedford.

Many interesting features have been carried on by this club and among them the stunt which won first prize on the Fourth of July. This was the "Appomattox Surrender" presented in an unexpected manner. The first scene revealed a courting couple, who represented the surrender of the South to the North. The wedding ceremony shown in the second scene represeated the union of the North and South together again.

At the close of the stunt the entire club sang "Carry Me Back to East Virginia".

The prize given was a free ticket to the movie play "The Last of the Mohicans".

During the summer session the club plans to have various socials events such as picnics spelling bees, baking bake etc.

The members of this club are: Mamie Cullop, president, Appomattox; Margaret Chilton, vice president, Campbell; Grace Anderson, Secretary; Pearl Jordan, Mathews; Eva Brockwell, Surry; Lucile Watts, Nelson; Nola Burkey, Appomattox; J. Harry Sloan, Charlotte; Claude Cox, Fairfax; Louise Wright, Harriet Bibb, Ruth J Donaghy, Orange; Elsie Batkins, New Kent; Pearl Kyle, Margaret Pritchard, Nora Camden, Ethel Tinsley, Irene Hesson, Lillian Johnson, Amherst; E. This is a clipping which I think is worth passing on: "Of all the love affairs in the world, none can surpass the true love of a big boy for his mother. It is pure and noble, honorable in the highest degree to both I do not mean merely a dutiful affection, I mean a love which makes a boy gallant and courteous to his mother, saying plainly to everybody that he is fairly in love with her. Next to the love of husband nothing so crowns a woman's life with honor as the second love, this devotion of a son to her. I never yet knew a boy to turn out badly, who began by falling in love with his mother Any man may fall in love with a fresh-faced girl and the man who is gallant with the girl may cruelly neglect the worn and weary wife; but the boy who is the lover of his mother in her middle age is a true knight, and will love his wife as much in the sere-leaved autumn as he did in daisy springtime.

The world is a picture
Both gloomy and bright,
With grief as the shadows,
And pleasures the light;
But neither should smother
The general tone,
For where were the other
If either were gone?

Thorough Soil Preparation Is Easy the Fordson Way

BECAUSE the Fordson has plenty of power and is fast running, Fordson farms are known as the best tilled farms in the community. Good plowing can be followed promptly by good discing because the man who drives a Fordson is soon through with one job and ready for the other. This thorough tillage, of course, results in bigger crop yields.

Because of its scientific design and easy handling qualities, the RODERICK LEAN AUTOMATIC ENGINE DISC HARROW, specially designed for the Fordson, inspires its owners to pulverize thoroughly both before and after plowing.

THE RODERICK LEAN AUTOMATIC is as necessary to economical tractor farming as the special tractor plow. Operated from the tractor seat, it provides easy, thorough soil preparation with the Fordson. Strong for power requirements, flexible for short turning, and adjustable to meet all soil conditions. This is the proper disc for Fordson tractors—the one disc harrow preferred by Fordson owners.
